BOB DYLAN

SOME ART ABOUT
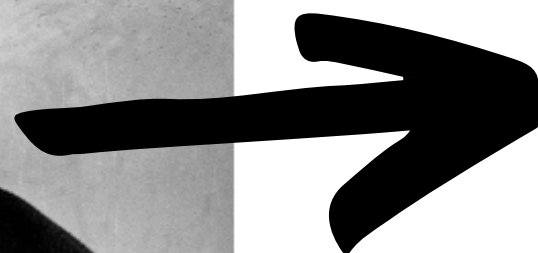

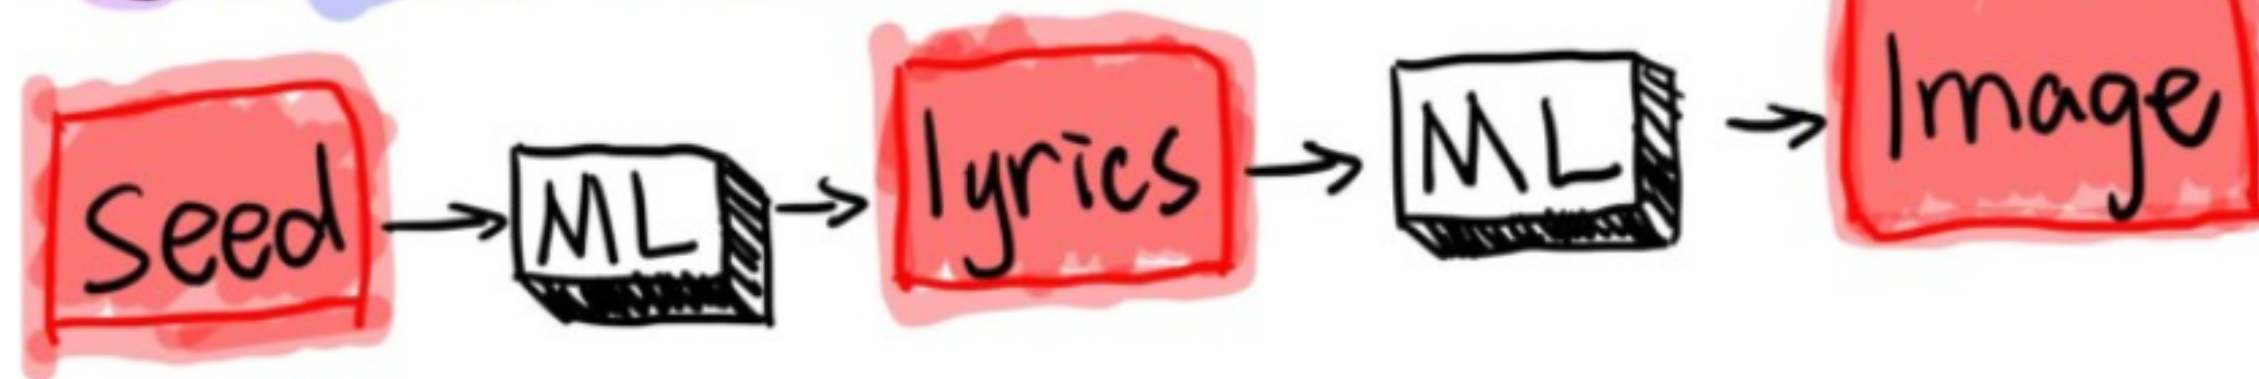

SOME SEED WORDS GIVEN

Bob Dylan
LYRICS & IMAGE
GENERATOR

Seed → ML → lyrics → ML → Image

This generator is trying to generate Bob Dylan's style of lyrics and then generate a image based on these lyrics.

The lyrics genetator is based on NLP by LSTM model,the image generaor is a combination of pretrained CLIP model and VQGAN model

HERE ARE SOME EXAM-PLES

Robot is dreaming

100x75 Pixel   FINE ART
Bob Dylon style:

Learn on my head can be loves you all the way

robot is dreaming the honor i have gained that laughing

bed in me back but

The blue sky

200x150 Pixel   NORMAL
Jorge Luis Borges & Wislawa Szymborska style:

Never re swept away for itself where it

the blue sky her and to life to be counted reason

strewn at after year us at the sky

The robot just died

WHAT'S NEXT?

Something to improve and some idea I want to try in the next step...

1 BETTER WORDING

To improve the ending words and be able to customize the number of sentences.

2 HARRY POTTER STORY?

To train a new model to write new Harry Potter story

THANK YOU FOR ATTENDING
